Due to Queenslanders' hard work, strong borders, testing and rapid response, restrictions have eased.

- We can go for dinner or drinks at our favourite pubs, clubs, cafés and restaurants.
- Our kids can go to school and play sport.
- All Queensland businesses and activities are able to open and run with appropriate measures in place.
- We can attend both big and small events.
- We can travel freely across Queensland, staying for as little or as long as we like.
- Visitors and returned travellers from five of the seven other states and territories can enter Queensland without having to complete mandatory quarantine.
- We have a multidisciplinary team of experts prioritising exemptions for medical reasons.

**RESTRICTION EASING**

<td>6</td>
<td>Gatherings: Unlimited dancing at weddings with a COVID Safe Plan. Further review of dancing restrictions to be undertaken.</td>
</tr>
</tbody>
</table>

**BORDERS**

- Border zone: Additional local government areas included in the declared Border zone across Northern NSW.
- NSW: Visitors and returned travellers from New South Wales can enter Queensland with a valid Queensland Border Declaration Pass without having to complete mandatory quarantine, provided community transmission is under control (including whether there have been any unlinked cases in the previous 28 days).

**THE 'NEW NORMAL'**

- Maintain physical distancing (1.5m)
- Wear a mask when distancing is not possible (particularly in enclosed spaces)
- Maintain good hand hygiene
- Stay at home when sick
- Allow for effective contact tracing
- Rapidly responding to outbreaks
- Travel restrictions from hot spots

**COVID Safe Check Points**

Queensland Health will undertake a review at each COVID Safe Check Point. The review includes:

- A check that testing is widespread and there is no community transmission
- Analysis of state, interstate and international trends and data
- Analysis that a move to the next stage of easing of restrictions will not present unnecessary risks.

If there is community transmission in Queensland, measures in impacted parts of the State may include:

- Gatherings reduced to 10 in homes and public spaces
- Increased testing
- Wearing of masks
- Aged care, disability accommodation, hospitals and corrections restrictions put in place
- Increased use of PPE in aged care facilities and hospitals
- People need to be seated in indoor venues
- Dancing at weddings will be reduced.

**BORDERS**

- Victoria: Remains closed until community transmission is under control (including whether there have been any unlinked cases in the previous 28 days).
