## Queensland’s COVID-19 Vaccine Plan To Unite Families

### A Plan For Queensland’s Borders – DOMESTIC TRAVEL

<table>
<thead>
<tr>
<th>Percentage</th>
<th>Date</th>
<th>Requirements</th>
</tr>
</thead>
</table>
| 70%        | 15 November 2021 | Arriving from a hotspot:  
- Fully vaccinated  
- Arrive by air only  
- Have a negative COVID-19 test within 72 hours prior to arrival into Queensland  
- Undertake 14 days home quarantine subject to conditions set by Queensland Health.  
Otherwise, you will need to meet the relevant requirements for entry and will be required to undertake 14 days quarantine in a government-nominated facility. |
| 80%        | 13 December 2021 | Arriving from a hotspot:  
- Fully vaccinated  
- Have a negative COVID-19 test (either a Rapid Antigen Test or a PCR test) taken within 72 hours prior to arrival into Queensland.  
You may arrive by air or road.  
There is no quarantine required if you meet these criteria.  
If you do not meet these criteria, you will need to meet the relevant requirements for entry (e.g. Queensland resident or new Queensland resident, essential health care) and will be required to undertake 14 days in a government-nominated facility at your own expense. |
| 90%        | 15 January 2022 | Arriving from anywhere in Australia:  
- No restrictions on entry to Queensland.  
- No quarantine required.  
- No COVID-19 test required. |

### CONDITIONS

**ALL ARRIVALS** – Get tested if you have any symptoms and isolate until you receive your results.

**BUSINESS SUPPORT** – From 80% businesses need to be aware that the Commonwealth Government has indicated that financial support will not be available in the event of restrictions or lockdowns.

**EXCLUSION ZONES** – Should the Chief Health Officer determine the risk posed by arrivals from an area overseas or interstate is extreme and cannot be managed within this Border Plan, additional entry and quarantine requirements may be imposed for that specific area.

**RESTRICTIONS** – From 17 December 2021, additional public health restrictions apply to unvaccinated people. These measures are outlined in the Public Health and Social Measures.

**ELIGIBLE QUEENSLAND POPULATION** – For the purposes of vaccination coverage, the eligible Queensland population is people aged 16 and older in accordance with the Commonwealth Government’s definition.

**FULLY VACCINATED** – One week since your second dose of an approved COVID-19 vaccine. People who cannot be vaccinated – for example those who are not eligible due to age or have an exemption from a qualified medical practitioner – will be treated as vaccinated for the purposes of quarantine requirements.

**LOCKDOWNS** – In line with the National Plan to transition Australia’s National COVID-19 Response, any lockdowns will be highly targeted. Areas with lower vaccination rates will be more likely to require public health restrictions and lockdowns.

### THE ‘NEW NORMAL’

- Maintain physical distancing (1.5m)
- Wear a mask when you’re required to
- Maintain good hand hygiene
- Stay at home when sick
- Check in Qld app for effective contact tracing
- Get vaccinated

<tr>
<td>15 November 2021</td>
<td>70% of the eligible Queensland population is fully vaccinated</td>
<td>If you are arriving on a direct international flight into Queensland you will be required to undertake 14 days quarantine in a government-nominated facility. These arrivals will be subject to Queensland’s international air arrivals cap.</td>
<td>If you are coming from overseas and are not fully vaccinated, you will be required to undertake a period of 14 days hotel quarantine and meet existing testing requirements. Additional public health restrictions apply. These measures are outlined in the Public Health and Social Measures.</td>
<td>If you are coming from overseas and are not fully vaccinated, you will be required to undertake a period of 14 days hotel quarantine and meet existing testing requirements. Additional public health restrictions apply. These measures are outlined in the Public Health and Social Measures.</td>
<td>All arrivals – Regardless of where you come from, you must complete the Australian travel declaration and abide by the public health directions in place at the time. Get tested if you have any symptoms and isolate until you receive your results. Negative COVID-19 test – The accepted method of testing will depend on your circumstances. TGA approved rapid antigen tests or PCR tests are acceptable. Please ensure you visit the Queensland Health website for more information. Fully vaccinated – One week since you have completed a course of a vaccine approved or recognised by the Therapeutic Goods Administration. People who cannot be vaccinated—for example those who are not eligible due to age or have an exemption from a qualified medical practitioner—will be treated as vaccinated for the purposes of entry and quarantine requirements. Exclusion zones – Should the Chief Health Officer determine the risk posed by arrivals from an area overseas or interstate is extreme and cannot be managed within this Border Plan, additional entry and quarantine requirements may be imposed for that specific area. Restrictions – From 17 December 2021, additional public health restrictions apply to unvaccinated people. These measures are outlined in the Public Health and Social Measures. Self isolate – Isolate means you must stay away from others until you receive a negative COVID-19 test result. You self isolate in a home, hotel or established accommodation. For more information visit the Queensland Government website qld.gov.au.</td>
